DETAILED ACTION

EXAMINER'S REASONS FOR ALLOWANCE

1. Claims 1-3, 6-12 and 15-48 are allowed.

Examiners Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

- 2.1 As regards independent claims 1 and 10, the following limitations, in combination with other limitations, are neither anticipated nor made obvious by the prior art, "*adding a first simulation routine to said SPICE netlist to perform a reference simulation of said SPICE netlist to arrive at nominal values for selected vector measurements*". Applicant persuasively argued on page 24 of the 3/1/2006 responses that the cited reference *Huang* failed to teach Applicant's expressly claimed limitation, the Examiner agrees with the Applicant and withdraws the earlier 35 USC § 103(a) rejection of claims 1 and 10.

- 2.2 As regards independent claim 31 the following limitations, in combination with other limitations, are neither anticipated nor made obvious by the prior art, "*determining a difference between the plurality of altered vector measurements and the nominal vector measurement to generate a sensitivity in the vector measurement of the circuit design response to alterations in the at least one circuit parameter value of the component in the SPICE netlist.*" Applicant persuasively argued on page 26 of the 3/1/2006 responses that the cited reference(s) *Huang* and

Bair failed to teach Applicant's expressly claimed limitation, the Examiner agrees with the Applicant and withdraws the earlier 35 USC § 103(a) rejection of claim 31.

2.4 Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
